

Memorandum

Date: January 24, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Resolution Requesting Authority to Exercise Option-to-Renew Periods Under Existing Non-Competitive Contracts

Agenda Item No. 8(F)(2)

Recommendation

It is recommended that the Board of County Commissioners (Board) delegate to the County Mayor or County Mayor's designee the authority to exercise, in his discretion, the Options-to-Renew (OTRs) set forth in this item. Ordinance #07-139 provides for committee review exemption.

Scope

The impact of the items in the accompanying OTR package is countywide in nature.

Fiscal Impact/Funding Source

The allocation and funding source by department/agency is listed in the attached OTR package.

Contract amounts and department allocations represent the maximum spending authority based on estimated past usage. This action does not guarantee that the total contract amount/value will be expended by County departments/agencies. Funding will be expended only if departmental budgets can support the expenditures as approved in their annual budget adopted by the Board.

Track Record/Monitor

There are no known performance issues with the vendors recommended for award. The departments' contract manager is reflected in the attached OTR package.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise OTRs in accordance with the terms and conditions of the contracts listed in the accompanying package.

Background

The non-competitive contracts listed in this item require approval to exercise OTRs contained in each contract. Each of the contracts were awarded under the delegated authority granted to the County Mayor or the County Mayor's designee (\$100,000 for non-competitive procurements) pursuant to Section 2-8.1(b) of the County Code and the Master Procurement Administrative Order, A.O. 3-38.

Prior to exercising any OTR periods, market research is conducted to ensure continuing to purchase from the awarded vendors is in the best interest of the County. For example, if the Board authorizes multiple OTRs under one resolution, market research is conducted prior to each OTR to determine whether to continue exercising the option term or issue a new competitive solicitation. Market research includes competitive factors such as pricing, quality, product features, technology, and lead time. It may also include commercial factors such as environmental issues, other governmental entity practices, industry trends, support and capabilities. The OTRs for each contract in this package will be executed if determined to be in the best interest of the County.

Item No. 1: Food Service Software (FSD) License Maintenance & Support Services seeks authority to exercise the remaining OTR term for software maintenance and support services for the Food Service Software used by the Miami-Dade Corrections and Rehabilitation Department. The amount being requested for the remaining option term is **\$25,000**.

Item No. 2: INFOR Global Software Maintenance and Support Services seeks authority to exercise the remaining OTR term for software maintenance and support services for the Millennium Software used by the Miami-Dade Aviation Department. The amount being requested for the remaining option term is **\$50,000**.

Item No. 3: SERENA Software Maintenance and Support Services seeks authority to exercise two OTR terms for software maintenance and support services for the Startool File and Data Management Software used by the Information Technology Department. The amount being requested for the second and third OTR terms is **\$132,000**.

Item No. 4: Pitney Bowes Group 1 Software Maintenance & Support Services seeks authority to exercise two OTR terms for software maintenance and support services for the Pitney Bowes Software used by the Water and Sewer Department. The amount being requested for the first and second option terms is **\$159,000**.

Item No. 5: Heat Pump Rental Services seeks authority to exercise two OTR terms for diesel heat pump rental services for the Miami-Dade Aviation Department. The amount being requested for the first and second OTR terms is **\$144,000**.

Item No. 6: Coldfire Cryogenic Thermal Cycling seeks authority to exercise a third OTR term for cryogenic molecular enhancement (CryoME) treatments for fire truck brake rotors and brake drums for the Miami-Dade Fire and Rescue Department. The amount being requested for the third option term is **\$20,000**.

Deputy Mayor

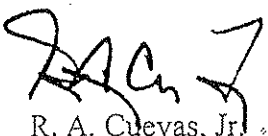

MEMORANDUM

(Revised)

TO: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

DATE: January 24, 2012

FROM: 
R. A. Cuevas, Jr.
County Attorney

SUBJECT: Agenda Item No. 8(F)(2).

Please note any items checked.

- ☐ "3-Day Rule" for committees applicable if raised
- ☐ 6 weeks required between first reading and public hearing
- ☐ 4 weeks notification to municipal officials required prior to public hearing
- ☐ Decreases revenues or increases expenditures without balancing budget
- ☐ Budget required
- ☐ Statement of fiscal impact required
- ☒ Ordinance creating a new board requires detailed County Manager's report for public hearing
- ☐ No committee review
- ☐ Applicable legislation requires more than a majority vote (i.e., 2/3's ____, 3/5's ____, unanimous ____) to approve
- ☐ Current information regarding funding source, index code and available balance, and available capacity (if debt is contemplated) required

Approved _____ Mayor
Veto _____
Override _____

Agenda Item No. 8(F)(2)
1-24-12

RESOLUTION NO. _____

RESOLUTION AUTHORIZING THE COUNTY MAYOR OR
COUNTY MAYOR'S DESIGNEE TO EXERCISE OPTION-
TO-RENEW PERIODS FOR CERTAIN NON-
COMPETITIVE CONTRACTS DESCRIBED IN THE ITEM,
SUBJECT TO THE MONETARY LIMITATIONS SET
FORTH THEREIN, AWARDED UNDER THE COUNTY
MAYOR OR THE COUNTY MAYOR DESIGNEE'S
DELEGATED AUTHORITY FOR THE PURCHASE OF
GOODS AND SERVICES

WHEREAS, this Board desires to accomplish the purposes outlined in the
accompanying memorandum, a copy of which is incorporated herein by reference,

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY
COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA**, that this Board delegates to
the County Mayor or County Mayor's designee the authority to exercise, in his discretion,
the options-to-renew set forth in this item when in the best interest of Miami-Dade
County; and the Board further authorizes the County Mayor or the County Mayor's
designee to execute any and all documents necessary to give effect to those renewals.

The foregoing resolution was offered by Commissioner _____,
who moved its adoption. The motion was seconded by Commissioner _____
and upon being put to a vote, the vote was as follows:

Joe A. Martinez, Chairman	
Audrey M. Edmonson, Vice Chairwoman	
Bruno A. Barreiro	Lynda Bell
Esteban L. Bovo, Jr.	Jose "Pepe" Diaz
Sally A. Heyman	Barbara J. Jordan
Jean Monestime	Dennis C. Moss
Rebeca Sosa	Sen. Javier D. Souto
Xavier L. Suarez	

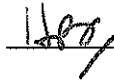

The Chairperson thereupon declared the resolution duly passed and adopted this 24th day of January, 2012. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

MIAMI-DADE COUNTY, FLORIDA
BY ITS BOARD OF
COUNTY COMMISSIONERS

HARVEY RUVIN, CLERK

By: _____
Deputy Clerk

Approved by County Attorney as
to form and legal sufficiency.

Hugo Benitez

Item 1**Contract No.:** SS8265-3/12-2**Contract Title:** Food Service Software (FSD) License Maintenance & Support Services**Description:** It is recommended that the Board authorize the County Mayor or the County Mayor's designee to exercise the remaining Option-to-Renew term for software maintenance and support services for Food Service Software used by Miami-Dade Corrections and Rehabilitation (MDCR).**Initial Contract Term and**

Usage:	October 1, 2007 to September 30, 2009	\$ 50,000
First OTR and Usage:	October 1, 2009 to September 30, 2010	\$ 25,000
Second OTR and Usage:	October 1, 2010 to March 31, 2012	\$ 25,000

OTR Requested for Approval Under This Item:

Third OTR and Usage:	April 1, 2012 through March 31, 2013	<u>\$ 25,000</u>
Cumulative Value:		\$125,000

JUSTIFICATION

This contract is used by the Miami-Dade Corrections and Rehabilitation Department (MDCR) for maintenance and support services for Food Service Software provided by Food Service Software Dynamics, Inc. This software is used in the preparation of food production, food inventory control, and purchase of food and supplies for six county correctional facilities. The tool provides food production instructions, inventory pull lists, and an accounting and inventory control database that is customized to meet MDCR's operational needs.

Food Service Software Dynamics is the sole proprietor of the software, and only provider of software maintenance and support services. Market research indicates there are no other companies available to provide the required software maintenance and technical support services. Pricing has remained fixed during the past five years. It is in the best interest of the County to exercise the remaining option to renew term for continuity of services.

Using/Managing Department and Funding Source:

Third OTR and Usage:	March 1, 2011 to February 29, 2012	\$ 49,000

OTR Requested for Approval Under This Item:

Fourth OTR and Usage:	March 1, 2012 to February 28, 2013	<u>\$ 50,000</u>
Cumulative Value:		\$227,000

JUSTIFICATION

This contract is used by the Miami-Dade Aviation Department (MDAD) for maintenance and support services for Infor Millennium Software (software) provided by Infor Global Solution, Inc. The software is used to run various proprietary operating systems used on the IBM mainframe. The operating systems include security, controlled access, airside training, work orders, and budget. These systems support daily operations at Miami International Airport.

Infor Global Solutions is the developer and sole proprietor of the software, and only provider of software maintenance and support services. Market research has confirmed that there is no other source of supply to provide the required software maintenance and technical support services. MDAD is gradually moving away from this software as applications migrate to the Enterprise Resource Planning System and Websphere technical environments. Continued software maintenance and support services are required until the migration is completed in one year. It is therefore in the best interest of the County to exercise the remaining option to renew term for continuity of services.

Using/Managing Department and Funding Source:

Item 3**Contract No.:** SS6723-5/15-1**Contract Title:** SERENA Software Maintenance and Support Services

Description: It is recommended that the Board authorize the County Mayor or the County Mayor's designee to exercise two Option-to-Renew terms for software maintenance and support services for the existing Startool File and Data Management Software used by Information Technology Department (ITD).

Initial Contract Term and

Usage:	August 1, 2009 to July 31, 2010	\$ 74,000
First OTR and Usage:	August 1, 2010 to January 31, 2012	\$ 61,000

OTRs Requested for Approval Under This Item:

Second OTR and Usage:	February 1, 2012 to January 31, 2013	\$ 64,000
Third OTR and Usage:	February 1, 2013 to January 31, 2014	<u>\$ 68,000</u>
Cumulative Value:		\$267,000

JUSTIFICATION

This contract is used by the Information Technology Department (ITD) for maintenance and support services for the existing Startool File and Data Management (FDM) software provided by Serena Software, Inc. The software simplifies management of complex data file tasks. ITD programmers use this tool to manage Multiple Virtual Storage (MVS) files. The software is used for file allocations, Virtual Storage Access Method file management, database file management, and file recovery. The software is used to manage virtual storage file allocations, virtual access storage access, and database and file recovery management for various systems.

Serena Software, Inc. is the developer and sole proprietor of the software, and the only provider of software maintenance and support services. Market research shows there are other software providers for similar file and data management software, but none can provide maintenance and support services for the existing system. Startool FDM is customized to work with the County's mainframe and IBM operating system. There are no other companies available to provide the required software maintenance and technical support services. It is therefore in the best interest of the County to exercise the second and third option to renew terms for continuity of services.

Item 4**Contract No.:** BW9439-4/15**Contract Title:** Pitney Bowes Group 1 Software Maintenance & Support Services**Description:** It is recommended that the Board authorize the County Mayor or the County Mayor's designee to exercise two Option-to-Renew terms for software maintenance and support services for the existing Pitney Bowes Software used by the Water and Sewer Department (WASD).**Initial Contract Term and****Usage:** January 26, 2011 through January 31, 2012 \$ 75,000**OTRs Requested for Approval Under This Item:****First OTR and Usage:** February 1, 2012 to January 31, 2013 \$ 78,000**Second OTR and Usage:** February 1, 2013 to January 31, 2014 \$ 81,000**Cumulative Value:** \$234,000**JUSTIFICATION**

This contract is used by the Water and Sewer Department (WASD) for maintenance and support services for various mailing software applications provided by Pitney Bowes. WASD uses Pitney Bowes software applications that interface with the PeopleSoft Customer Information System (CIS) to produce mailing information for WASD customer bills. Maintenance and support services for the existing Pitney Bowes DOC1 Production Engine for UNIX, DOC1 Application Development Facility (ADF) for Windows NT, CODE-1 Plus for UNIX, and Mailstream for UNIX software applications is necessary for WASD's daily operations.

Pitney Bowes, Inc. is the developer and sole proprietor of the software, and only provider of software maintenance and support services. Market research shows there are other software providers for similar mailing software, but none can provide maintenance and support services for the existing system. The Pitney Bowes applications are customized to work with PeopleSoft CIS and Pitney Bowes equipment. There are no other companies available to provide the required software maintenance and technical support services. It is therefore in the best interest of the County to exercise the first and second option to renew terms for continuity of services.

Item 5**Contract No.:** SS7784-3/14**Contract Title:** Heat Pump Rental Services

Description: It is recommended that the Board authorize the County Mayor or the County Mayor's designee to exercise two Option-to-Renew terms for diesel heat pump rental services for the Miami-Dade Aviation Department. This contract has three OTRs periods remaining. Exercising the first and second periods will bring the cumulative value of the contract to \$216,000.

Initial Contract Term and

Usage: February 7, 2011 through January 31, 2012 \$ 72,000

OTRs Requested for Approval Under This Item:

First OTR and Usage: February 1, 2012 to January 31, 2013 \$ 72,000

Second OTR and Usage: February 1, 2013 to January 31, 2014 \$ 72,000

Cumulative Value: **\$216,000**

JUSTIFICATION

This contract is used by the Miami-Dade Aviation Department (MDAD) for rental of diesel heat pumps. MDAD has diesel-powered emergency electrical generators that provide backup power to run emergency circuits in the event of a power failure. To minimize disruption during a power outage, diesel emergency generators must be kept warm to ensure a quick start-up.

Diesel-powered emergency electrical generators are equipped with heaters which are not energy efficient. Geo-Thermal Systems, Inc. has patented diesel heat pumps specifically designed to operate with diesel engines. The heat pumps are energy efficient and keep the generators warm and ready to run the emergency circuit in case of a power failure.

Geo-Thermal Systems, Inc. is the sole source provider and owner of the patented heat pump system specifically designed to operate with diesel engines. Under this contract, Geo-Thermal Systems provides the units to the County with no capital investment, and relieves the County of any maintenance responsibilities. The company installs, maintains, and replaces units at no additional cost.

The energy savings achieved by MDAD using these heat pumps is sufficient to cover the electricity and rental costs of the heat pumps. Therefore, it is in the County's best interest to exercise the first and second options-to-renew for continuity of services.

Living Wage: The services being provided are not covered under the Living Wage Ordinance.

User Access Program: The User Access Program provision will apply. The 2% program discount is being collected on all purchases.

Procurement Contracting Officer: Lourdes Farley

JUSTIFICATION

This contract is used by the Miami-Dade Fire Rescue Department (MDFR) to purchase coldfire cryogenic thermal cycling services for fire rescue vehicles, and fire truck brake rotors and brake drums. This patented process prolongs the life of these components, enhances safety, and increases resistance to heat warpage and cracking, thus reducing the need for future maintenance and parts replacement. The incumbent is a local vendor who provides this service, including pick-up and delivery.

This contract was awarded as a bid waiver because P.S. Systems, Inc. is the only company in South Florida that operates a cryogenic thermal cycling processor providing these services. The vendor also provides services to Broward County, Palm Beach County, and Monroe County. There are other vendors which also provide this service, but these vendors are not based in Florida. Market research identified vendors located in Arizona and Wisconsin. These vendors offered the services at approximately \$25 per service below the price paid by the County to P.S. Systems. However, shipping costs for these heavy brake rotors and drums average about \$40 - \$60, which negates the service cost advantage of contracting with these companies. In addition, P.S. Systems does not charge the County for delivery or pick-up. By using a local vendor, the County saves money and time that would otherwise be needed for shipping these parts back and forth from the cryogenic facility. Exercising the option-to-renew will allow MDFR to continue purchase of this necessary service that helps the department to prolong equipment life and reduce maintenance costs.
